

Gruppo Frati
Tailoring Division

METAL FN 21-145-M

Particolare fantasia metallizzata dall'effetto "vedo e non vedo", adatta per interni se in finitura super matt, per esterni con finiture materiche ad effetto spatolato come la nostra passepartout.

This metallic, very subtle finish can be matched with matte furniture in indoor settings or with a textured finish and a spatula-like effect - like that of Gruppo Frati's passe-partout in outdoor settings.
